# **Room Vaporizer**

Available in a variety of brands **Price Range:** \$17.00 and up

Available: Walmart, Target, Sears, Walgreens, amazon.com and additional online suppliers

Cold steam inhalers use ultrasonic waves to create water vapor. These are less dangerous around children but can deposit a "film" over time around your house. Traditional (hot) steam can be cleaner, but carries a risk of scalding and burns. Cold steam inhalers are generally more expensive.

### **Sinus Irrigation Rinse**

NeilMed is the best known manufacturer but other manufacturers offer equivalent products.

You can even use a baby bulb syringe.

Price Range: \$11.49 and up

Available: Walmart, Walgreens, CVS Drugs, amazon.com and additional online suppliers

# A recipe for homemade saline (salt water) is below:

Sinus Irrigation Rinse Recipe:

8 oz warm water

1/2 teaspoon of kosher or salt (make sure to use non-iodized salt)

1/2 teaspoon of baking soda
